## TO WHOMEVER IT MAY CONCERN

This is to inform that i have tried **SRIRAM HERBALS GLUCO CARE** manufactured by SRIRAM HERBALS, Bangalore with 5 of my patients along with their regular oral anti -diabetic drugs with some patients who are using insulin also.

I have tried Gluco care capsules of Sri Ram Herbals on 5 Adult type Diabetes Mellitus

**First patient:** The patient is a newly diagonised case aged 59 years with fasting Blood sugar level of 228 mgs & P.P level 302mgs/dl.. He was not being put on any allopathic preparations to control his condition. I tried purely on Glucocare capsules of Sri Ram Herbals...

The patient was advised Glucocare 2capsules 30 mts before breakfast & and 2 capsules before dinner.. The patient was monitored constantly for his blood sugar levels...

After 30 days, the blood sugar levels came down with Fasting level being 165mgs & post prandial being 180mgs.. and still continues to be under control and the patient is continuing the medication as being advised .....

**Second patient:** The patient is a Diabetic case since 30 years aged 75 years with fasting blood sugar level of 340 mgs & P.P level 420mgs/dl..I tried on Glucocare capsules of Sri Ram Herbals along with the exiting medication of gluconem PG2 twice a day

The patient was advised Glucocare 2capsules 30 mts before breakfast & and 2 capsules before dinner.. The patient was monitored constantly for his blood sugar levels...

After 25 days, the blood sugar levels came down with Fasting level being 210 mgs & post prandial being 260mgs..

**Third patient:** The patient is a Diabetic case since 4 years aged 50 years with fasting blood sugar level of 320 mgs & P.P level 400mgs/dl..I tried on Glucocare capsules of Sri Ram Herbals along with the existing medication of Insulin twice a day

The patient was advised Glucocare 2capsules 30 mts before breakfast & and 2 capsules before dinner..The patient was monitored constantly for her blood sugar levels...

After 20 days, the blood sugar levels came down with fasting level being 180 mgs & post prandial being 240mgs..
